### FFC SONA Block (MC Girls High School Sona Goth)

FFC was requested by the principal of Govt MC Girls School (Sona Goth) for assistance in May 2012. The institute has 1300 female students enrolled whereas the old building was not enough to accommodate around 30 classes in progress. As a result overcrowded rooms along with outdoor classes were severely affecting the educational activities of the enrolled students. FFC duly recognizes the importance of women empowerment whose foundation is quality education. FFC CSR contracted renowned construction firm Initiative for Change for quality and timely execution of the new building.
