

## Chairman CPEC visits FACE Ahmedpur Lamma

Chairman CPEC Lt Gen (Retd) Asim Saleem Bajwa visited FACE APL dated 18<sup>th</sup> Dec 2020 to review ongoing projects including Capacity Building of Farmers, Precision Farming Technologies, FACE Closed Loop Loans, education, health and other associated services aimed at alleviating food security in Pakistan.

The honorable Chairman was received by FFC Management including Head of FACE, Senior Management of FFC along with CEOs/Heads of partner Organizations and collaborating G.O.P Departments. Head of FACE, Maliha Malik, briefed the Chairman on FACE ongoing activities and achievements.

Chairman was also briefed on the newly acquired DJI fleet of agriculture hexacopters by CEO of Sapphire Farm Services, which are preloaded with precision spraying and data analysis functions.

This was followed by live demonstration of hexacopters spraying fertilizer and pesticides.

Towards the conclusion of the visit, Chairman CPEC authority visited the under-construction FACE building which is scheduled for completion in Feb, 2021.

Upon completion, the building will serve FACE vision of extending all services under one roof to the farming community.

Chairman CPEC Authority in his concluding remarks highly appreciated the work underway towards agriculture excellence and upscale through FACE and affirmed the commitment for collaboration between FACE and CPEC Authority for realization of “Green Corridor” vision.
