FREE
MEDICAL CAMP

DR. MARIA MAQSOOD,
CONSULTANT GYNECOLOGIST,

FATIMA KUBRA MEMORIAL
HOSPITAL

DECEMBER 14, 2021

0900 HRS-1400 HRS

FACE, as a leading proponent and flag bearer of Sustainable Development Goals by United Nations, is successfully implementing its integrated "Socio-Economic Uplift" program, through its multifaceted facility in Ahmedpur Lamma RYK. The rural population, comprising of over 70% of farming households, has minimal or no access to basic facilities and quality healthcare.

To play a constructive role in delivering quality healthcare facilities to the farmer community, FACE in collaboration with Fatima Kubra Memorial Hospital and Punjab Health Facilities Management Company (PHFMC) organized a Free Medical Camp in Ahmedpur Lamma, Rahim Yar Khan on 14th December 2021 for Mother and Infant healthcare, from 0900 HRS to 1400 HRS.

Dr. Maria Maqsood, Consultant Gynecologist conducted free consultation, ultrasound and check-ups for local women and children of Ahmedpur Lamma. More than 100 patients including women and children showed up for consultation and medical inquiries at the camp site. The local community admired the efforts and interventions carried out by healthcare professionals of FACE-APL in the region.
