

MOONSOON FLOOD RELIEF ACTIVITY

DRY RATION DISTRIBUTION

As per NDMA 28th August, 2022

Recent climatic changes leading to unprecedented floods have effected population and a significant number of crops in Pakistan, FACE and FFC continue to serve the vulnerable segments in an effort to reduce its impact. As part of a collective initiative, both parties have stepped forward to undertake ration distribution for over 160 families in affected neighborhoods.

Relief packages comprising of basic food items were distributed among local households. The activity took place on 3rd September, 2022. Beneficiaries included displaced as well as local households impacted by the current surge in the prices of basic commodities.
