

FFC awarded Gold Medal as Industry Stewardship Champion 2019 at International Fertilizer Association, November 20, 2019

Fauji Fertilizer Company (FFC) has been recognized as Industry Stewardship Champion for the year 2019 by International Fertilizer Association (IFA) for being at the hallmark of operational excellence, plant safety, environment sustenance and energy efficiency benchmarks. IFA's Chairman Mr. Mustafa Terrab honored the Chief Executive & Managing Director FFC, Lt Gen Tariq Khan, HI (M) (Retd) with Gold Medal on successfully entering this prestigious leadership category. The award was presented in IFA General Meeting, held in Versailles, Paris.

On this auspicious occasion, CE&MD FFC expressed his immense pride in the Company's achievements and said that it is a matter a great pride for both the Company and country's fertilizer industry. The award is a clear recognition of FFC's continuous support / participation in global environment friendly programs, in addition to IFA's Product Stewardship Excellence Program - **Protect & Sustain**. The company has always strived to maintain its legacy of excellence, and would continue doing so in future in order to meet the World's growing food, feed, fibre and bio-energy needs in a sustainable manner.
