

Groundbreaking Ceremony of FACE office at APL

The plan to construct the FACE building at APL has been initiated and progress is underway.

Groundbreaking for FACE building commences at APL

Finalizing plans for FACE building Construction at APL.

Brig Talat Mehmood Janjua RM plant site Goth Macchi initiated the ground breaking ceremony of FACE office at APL along with the FACE team, and Project Manager Sheharyar Javaid and Amir Iftekhar the Assistant

Commissioner of Sadiqabad also graced the occasion with their presence.

Prayers offered before the groundbreaking ceremony

Brig. Talat commencing the groundbreaking ceremony

The location for the construction site is around the FFC well area in APL on Main Bhong road; the land was donated by FFC for the welfare of farmers and local populace.

The construction is planned for an area of 1.5 acres (over 12 Kanals) and the completion date is estimated to be in July, 2021.

The Objective:

The building is going to provide a one window solution to the farmers, with facility of state of the art agricultural technology and quality inputs to increase per acre yield and quality of their crop.

It will be an agricultural hub for the farming community of Rahimyar Khan.

The state of the art design boasts a wide array of features to accommodate FACE functions including:

Agriculture and Farmer-Related Services

- ***Capacity-building and technical training for farmers***
- ***Introduction to climate-smart agriculture techniques***
- ***Availability of state-of-the-art soil and water testing lab facilities for free soil, water, and micro-nutrient analysis***
- ***Technological advantage with Hexa-copters for mapping and spraying***
- ***Quality Inputs such as seeds and pesticides***
- ***Access to loans through micro-financing at the lowest rates***
- ***Availability of top-of-the-line agricultural equipment on a rental basis***
- ***Promotion of high-value crops***
- ***Promotion of modern agricultural techniques***
- ***Disposal of crop produce to the markets in major cities through market linkages***

Livestock Management

- ***Mobile veterinary clinics***

- ***Market linkages for marketing of dairy products***
- ***Trainings and field camps for animal care***

Social Services

- ***Education***
- ***Financial Support to Orphans***
- ***Health***
- ***Vocational Training***
- ***Mechanized Farming***
- ***Women Empowerment***
- ***Renewable Energy***
- ***Environment Protection***
